Indicate a time slot you will be joining us

Earlier this year, Geberit Southern Africa relocated its headquarters, including the training centre and warehouse, to Meadowview Business Estate in Longmeadow, Linbro Park. This move ties in well with the Geberit Group acquiring Sanitec, expanding their product offering to include ceramics and bathroom furniture.

The new premises will soon have an architecturally inspired showroom that will display the increased product lines for a visual experience to ignite everyone's imagination.

The new training facility will ensure the trainees will experience both the theoretical and practical aspects of all the inner-workings of the various Geberit products.

Combining all aspects of the business on one property will be of greater convenience and ensure that Geberit continues to provide you with a world-class experience and unsurpassed service excellence.

Be part of our **OPEN DAY...**

Enter our **Anywhere** competition and stand a chance to win a trip for two to London!

Bring your **business card** and enter our lucky draw competition ... loads of prizes to be won.

Looking forward to welcoming you!

Geberit Team
